	Jason Abbate	Late (3 minutes)
	Karen Adam	On Time / At Time
	Gregory Adams	On Time

## THE ONE CLICK HALL PASS

Quick and easy. With a single click on a name, a hall pass is issued. Check a pass back in with just one click. All from the web browser. Maximize instruction time and school safety.

If the student needs more time or has a special reason to be out, the teacher can set these with one click each.

## PANIC BUTTON

Each teacher can alert the entire school to an emergency with one click. An alert can be sent for a classroom or hall pass at any time. Administration, staff, and emergency personnel receive text messages immediately.

## SEE YOUR SCHOOL IN REAL TIME

All teachers and staff see all active passes. Know which students are in the hall, how many, and for how long.

School-wide alerts are generated for tardy passes, too many passes out, too students being out at the same time too often, and other operational needs of school hallway and safety management.

## IMPROVE INSTRUCTION

Are too many passes being issued in the first 10 minutes of a period? Too much time spent out of class?

Collect data about your halls to drive operational improvements. Report on hall activity from our self-service portal.

## HOW TO START?

Get a free account for a grading period and start managing your halls.

You can even integrate your student information system data for fast setup!

Let the Mr. Elmer team guide you through the process and set you up today! Contact [info@mrelmer.com](mailto:info@mrelmer.com) or (314) 472.5204 to get your free account.
